#### Welcome to DoKomi 2023

15 years of DoKomi - this will truly be a special year to welcome you to Messe Düsseldorf & Little Tokyo!

For the first time DoKomi will take place over three days, so you can enjoy the convention even more and meet friends. With an area of over 100.000m², spread over 6 halls and a beautiful CCD, this has become really necessary. Take your time to explore everything and dedicate a complete weekend to your passion. And if you see one of our hard-working helpers on your adventure, give them a smile - because putting on such a big convention is a real feat!

For the first time, we are expecting over 140,000 visitors at our event. It's hard to believe how much our anime and Japan fan scene has grown! Never before have you had the chance to meet and get to know more like-minded people. Whether it's in

the exhibitor area in Hall 1, the Artist Alley in Hall 3, the Gaming Festival in Hall 5 or in one of the numerous community & event areas in the CCD and Hall 4, and if you just want to sit, switch off and enjoy the program, we have 6 different stages with programs prepared for you!

Besides the sensory overload, we hope you can meet lots of friends and make great memories. Enjoy the weekend, live your hobby and have fun! Remember, you are a part of this convention and make DoKomi what it is now - whether in its first or 15th year! We wish you a wonderful time here from the bottom of our hearts! :D

If you are not feeling well, you are always welcome to contact the nearest helper and ask where the first aid station is located.

#### Falls es Dir nicht gut gehen sollte

Unsere Sanitäter findest Du in Halle 10, 5 oder im CCD. Das Team steht Dir gerne und jederzeit zu Verfügung. Daher kannst Du, selbst wenn Du denkst, dass es "nichts Wichtiges" ist, kurz die Sanitäter um Rat fragen. Sollte es sich um einen Notfall handeln, kontaktiere am besten direkt einen Helfer oder Security-Mitarbeiter in der Nähe!

#### In case you are not feeling well

You will find our paramedics in Hall 10, 5 or at the CCD. The team is at your disposal at any time. Therefore, even if you think it's "nothing important", you can briefly ask the paramedics for advice. If it is an emergency, it is best to contact a helper or security staff in the area directly!

#### 気分が悪くなったら

ホール 10 ホール 5 と CCD に救護室があり救急隊員がいます。 いつでも利用可能です。緊急でないことでも、気軽に医療ス タッフにご相談してください。

緊急時には近くにいるボランティアスタッフまたはセキュリ ティスタッフに直接声をかけてください。

#### Luisa is here!

In case of insecurity, threat or assault, contact a helper or the security and ask if Luisa is there. You will then get help and support!

Please make sure to always drink enough.

#### Rules

#### Visitor-Information

Do you have questions about the event? Then our visitor information team will be happy to help you!

You can find us at the two main entrances North and South, where we will take care of all your concerns - no matter whether it's about problems with purchased tickets, you're looking for a specific program item or booth, or if you want to know something about the location itself.

#### Lost & Found

At the visitor information you will also find our lost and found office - so if you have found something and want to hand it in or are looking for a lost item, just come by.

Lost and found items that are returned to us after the end of the event or that are not collected during the con will be stored - so if in doubt, it's worth writing to us afterwards at buero@dokomi.de. Please always include a detailed description (ideally with a picture, if available) of your lost item.

### **Meeting Point**

The DoKomi is getting bigger and bigger and we are very happy that the con is so popular! :D The downside, however, is that it's easier to lose sight of each other and finding your friends / family is not always easy in the hustle and bustle of the con.

In order not to disturb the program too much, we cannot call out every missing person, unless it is a really urgent case - we ask for your understanding.

We therefore recommend that you arrange an emergency meeting point in advance that is easy to reach. For example, our visitor information desk at the north entrance is a good place to do this.

Please also make sure that your cell phone is sufficiently charged and that you have the contact information of your companion so that you can reach them.

### Cosplay-Emergencies

Sometimes you are pursued by bad luck and the painstakingly made cosplay is damaged at the fair. This is annoying, but in most cases not the end of the world: The booth of GZM Cosplay Management in Hall 4 offers cosplay repairs - so feel free to ask there.

For minor damage to your costumes or props, we also have scissors, tape, etc. at the visitor information desk at the North and South Entrances to help you out if necessary.

# **OVERVIEW**

At the trade fair itself, DoKomi occupies a whole 6 exhibition halls with over 80,000 m² of space, the Congress Center South with approx. 20,000 m² and an inner courtyard with approx. 20,000 m² of event space. In addition, there are the workshop and event rooms along the newly built Hall 1. The CCD and Neue Messe Süd also include bistros for our popular event cafés, the Lucky Chocolate Maid Café and the Sweet Spice Host Club.

Get a rough overview of the exhibition halls and program points of DoKomi 2023 here!

On the following pages you will find the schedules for Saturday and Sunday for the program areas of the two stages, the workshops, the matinée, the dance area and the Hana no Machi.

There is also a map of the exhibition and a map with the locations of the exhibitors and fan booths.

P.S.: We recommend you to write down your favorite program points in advance, so that you don't miss anything at DoKomi! With such an extensive program on three days of DoKomi, it's easy to get lost in the euphoria.

## RANKING OF KINGS

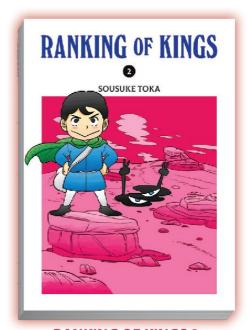

#### **SOUSUKE TOKA**

König Bosse ist nicht nur riesengroß und stark, sondern auch einer der besten Könige der Welt. Nicht umsonst steht er auf der Rangliste der König sehr weit oben. Dasselbe gilt jedoch leider nicht für seinen erstgeborenen Sohn Bojji. Der Prinz ist taub und kann nicht sprechen, dazu ist er winzig und kämpfen kann er nicht einmal mit einem Kinderschwert. Trotzdem will er in die Fußstapfen seines Vaters treten und der größte König aller Zeiten werden. Gar nicht so einfach, denn die Leute glauben nicht an ihn: "Auf keinen Fall kann der unser König werden." Auf einem seiner Ausflüge begegnet Bojji dem Schattenwesen Kage und irgendwie scheinen sich die beiden besser zu verstehen als gedacht … Ob sich dadurch sein Schicksal ändert?

#### Character auction

Sunday

11:30

The revenue from the character auction will ao to Tiernotruf e.V.

Tiernotruf started in 2015 with Stefan Bröckling as a private one-man project, with the goal of helping distressed animals in the areater Düsseldorf area auickly and unbureaucratically. In a very short time, Stefan, through numerous calls daily, has found that there is an enormous need for animal rescues of all kinds. This voluntary and honorary activity was therefore from the beginning a full-time job, which had to be financed. Besides the purchase of necessary equipment, especially veterinary costs had to be paid. For this Stefan invested his reason. entire retirement savings in this special heart project.

However, after a good year and a half of tireless effort, the savings were used up due to the high running costs for vehicle, material and vet. Without financial support, the project was on the brink of failure. Giving up, however, was out of the question for Stefan. So in July 2016, Tiernotruf e.V. was founded as a non-profit association with the aim of collecting donations for financing and thus ensuring the rescue and care of animals in need in the future.

The rules for the auction can be found on our homepage. You can only pay with cash.

In our experience, more fun for you means more fun for the audience, whether you know what you're doing or just go all out!

As always, participants will be treated to a little something from our sponsor Cosplayshop.be, plus additional prizes from Riot Games on top! For spectators there might also be some little surprises from Riot Games.

#### Guess the Character (Ubisoft)

Sunday

11:10

#### Powered By Ubisoft

At DigiKomi we presented "Guess The Anime Character" for the first time. Since the program was so well received, we thought why not offer an edition at DoKomi as well?

While at DigiKomi everything was still digital and audience members could only guess along in the chat, this time you are directly asked to guess the gaming character drawn on stage. Together with our partner Ubisoft, we also have a prize for every participant who successfully guesses a character. To participate, all you have to do is be on site and call in if you think you know the character. Our moderators will then dash over to you and you can make your guess. We wish you good luck playing along.

This year's I-Rave lineup again consists of 5 DJs. Among them are some old familiar faces, but of course new ones as well. We will take you on a journey through the most diverse anime songs and remixes in the most different genres and will really make you party.

This year we have the legend Aiobahn for you - known through various releases on Monstercat and the soundtrack of the game hit NEEDY STREAMER OVERLOAD as well as the two singles produced especially for the game with the J-Pop legend KOTOKO. So look forward to a mixture of his own productions, early 2000s as well as modern anime classics and a lot of party!

Next to him, thanks to the active collaboration with the lapanese club MOGRA, we can once again welcome D-YAMA as a guest DJ. Also this year he will give you a rousing performance and represent the roots of J-Rave, the DNA of Club MOGRA.

Additionally, we are bringing Nizikawa to Germany for the first time! He is another very versatile producer, DJ and label owner from Japan who will heat you up with his set.

Since 1991, the association has been collecting and reselling used, still wearable clothing and other items such as dishes, toys and baby carriages. Humanet donates the proceeds to associations that support needy people in Eastern Europe, Africa and Asia with development projects. By selling the second-hand goods at low prices, the association also helps lower-income people here locally.

#### Take no Kai

TAKE Düsseldorf e.V. was founded in 2007 to provide a safe and secure future in Germany for elderly Japanese people. They work mainly out of Düsseldorf and maintain an intensive cooperation with the Diakonie in Düsseldorf and the "zentrum plus Oberkassel". Regular meetings and events strengthen the community of the members.

#### Fukushika, Chiba and Co.

This year, the Germany NRW Fukushima Kenjinkai, consisting of people who live and work in NRW and have some kind of connection to the Fukushima region, will be there again. This year they are manning the booth together with representatives from Chiba Prefecture and other municipalities from Japan.

#### JNTO & JAL

The Japan National Tourism Organization, JNTO, will be present for the first time with its own booth. They provide information about Japan to promote travel to the country. They are right next to the booth of Japan Airlines, JAL, who provide information about their flights between Japan and Germany and also promote journeys to Japan.

#### Samurai Group Takeda

The Samurai Group Takeda Düsseldorf e.V. is an association for the historical representation of the Japanese Middle Ages of the time of Takeda Shingen. Together they reenact various aspects of life at the time of the samurai as authentically as possible. At events like the DoKomi or the Japan Day they show their elaborately handcrafted armor and costumes to interested visitors. You too can get an impression of their artistic skills, which can also serve as inspiration for cosplay nowadays.

#### Kimono Club of the HHU

The popular Kimono Club booth will be back on Saturday to answer any questions about kimono, etc. Attend one of the yukata workshops at 14:00 or 16:00 (advance registration at the booth is requested). They will also be offering kimono fittings throughout the day.

#### Jap. Cultural Institute Cologne

Founded in 1969, the Japanese Cultural Institute Cologne, German representation of the Japan Foundation, creates a space for exchange with Japan in German-speaking countries through culture, language and dialogue. They are again represented with a Matsuri booth where Japanese games can be played.

#### Leave a message for us!

Are you interested in leaving us your comments, thoughts, impressions or wishes again this year? Then be sure to visit us in the newly designed Con-Hon area on the second floor of the CCD South.

Inspired by a Japanese shrine tradition, you can purchase a wooden plaque specially designed for DoKomi. Write your personal message or heartfelt wish on the back and hang it on our beautiful cherry tree.

Each plaque is numbered, so that you can take your individual plaque back home with you. But don't worry if you forget your plaque, because we will keep all the leftover ones and use them in the coming years to decorate the area in the coming years. This way you can immortalize yourself as a part of the convention with us forever and ever.

For those of you who do not wish to purchase plaques, we also have another option.

You can leave your messages on specially provided paper and we will also hang them up in the con-hon area. Let your creativity run wild and share your thoughts and wishes with us in this alternative way.

We look forward to continuing this special tradition with you and creating memories together that will last not only for this weekend, but for years to come.

#### Sweet Spice Host Club e Yōkoso!

This year, we will again welcome you at DoKomi in Hall 3 to give you an unforgettable experience at the Host Club! We want you to get the most out of your time with us: While you enjoy your crispy fresh gyoza while sipping a freshly mixed cocktail, a charming host of your choice will keep you entertained: Singing, music, magic or just anime nerd talk! And to make your visit to the club truly unforgettable, you can take souvenir photos with your host at our nicely decorated photo corner and have them printed out on the spot.

But it's also worth keeping your eyes open outside the Host Club: Our hosts are out and about on the entire exhibition grounds every three days and always have something exciting to tell. Just talk to them when you see them - they'll be happy to chat with you or take a photo!

# How can I visit the Sweet Spice Host Club? What do I need to know?

- 1. Go to the Sweet Spice booth in Hall 3 and make an appointment with a host of your choice. You will then receive a reservation card. This will help us avoid long waiting times and queues.
- 2. The halls are very crowded! Please get to your appointment early enough to be in the designated area by the escalator to the Sweet Spice Host Club 10 minutes before. If you are not there at your reserved time, we will not be able to let you into the Host Club after the reserved time.
- 3. Your personal host will stay by your side during the time of your visit, take your order and do his best to fulfill your every wish.
- 4. Don't forget to take a souvenir photo with your host in our photo corner!

But please note the following during your visit: consuming your own food or drinks is not permitted in the Host Club. We will take photos and videos in the Host Club, which will be published on our website or other media. We kindly ask you to take pictures of you, your friends and your food only.

#### Speedruns for a good cause

Speedrunners are certainly no magicians, but they still manage to inspire the masses with their tricks and performances: Higher, faster and further is the motto of speedrunning. In the battle for the best times, speedrunners compete worldwide in various categories to set new records. It doesn't always have to be the shortest or most obvious route. Often a lot of creativity, knowledge and skill is required from the players.

In the DoKomi Speedrun-Corner we have put together a colorful program for you consisting of a variety of interesting games, exciting talk rounds and interviews on the topic of gaming. You can experience this not only on site, but also in the livestream at www.twitch.tv/germench.

Also this year we are collecting for a charitable cause. Our donation partner this year is Nummer gegen Kummer e.V..

If you're as fascinated by speedruns as we are, stop by at our booth in hall 5. The Germench crew will not only help you with all your questions, but also prepare you for your first speedrun. Here you have the opportunity to receive first-hand tips and advice for your first speedrun. So it's worth a visit!

Actively shape the direction of the con!

Also for this DoKomi we were able to improve and expand the con in many points through you in the context of our unique ticket price system. We have oriented ourselves to your most popular interests, in order to use your support purposefully and meaningfully.

This year, the additional budget generated will go mainly towards decoration and program points at the con, as well as seating areas. More seating areas, where you can rest during a walking-intensive convention visit, were one of the main requests after DoKomi 2022. Accordingly, we have planned here with significantly more and larger seating areas.

In addition, there are numerous interactive highlights, such as the Playmobil Naruto Parkour in hall 5, better equipment of the content areas, and above all massive investments in the entrance and the infrastructure, in order to be able to offer you a better convention experience at the most important points.

We will also provide you with laser tag fun again, an expansion of the huge artist alley and a completely new fashion area with its own stage. For the cosplayers among you we have organized more dressing rooms and photo stations and with the official RIOT Cosplay Contest we could gain a real highlight for DoKomi. The Bring & Buy will get its own hall for more space and merchandise capacities, the Gaming Festival as well and will be able to support even more gaming communities and offer you great highlights with Final Fantasy and Genshin Impact. We hope that with all these improvements you will have an even more enjoyable con!

#### A special thanks also to all supporters of this year's DoKomi:

# DJG am Niederrhein e.V. & Chiba-kun

DJG has been very supportive of DoKomi from the beginning and is also happy to welcome new, young members. So if you live in Düsseldorf or the surrounding area, feel free to check out www.djg-duesseldorf.de.

#### - Actively fill German-Japanese friendship with life -

The Deutsch-Japanische Gesellschaft am Niederrhein e.V. was founded in 1964 in Düsseldorf and sees its task primarily in bringing people of both nationalities together and promoting friendships between them.

Thus, Japan-related events are co-organized or actively supported. A nice example of a project of members, which was actively supported by the board from the beginning, is the DoKomi.

Visit us at www.djg-duesseldorf.de - maybe you would like to become a member.

The city of Düsseldorf has had a friendship treaty with Chiba Prefecture since 2005, which was upgraded to a sister city relationship in 2019.

Chiba-kun is the mascot of Chiba Prefecture, modeled after the outline of the prefecture.

Maybe you'll be lucky enough to meet Chiba-kun at DoKomi and take a photo together.
